

Jim,

My daughter is currently in your youth training program. She is really enjoying herself and is pretty much falling in love with the sport. She has shown interest in playing competitive. I was looking at the teams you have listed and am a bit confused. Does the "U" in front of the age mean under that age? Is there a team for 7 year old girls?

On another note: My other daughter now wishes to participate in the training camp. Should we wait until the next camp to enroll her since she has missed some classes or do you even have space? Please call or e-mail me.

Mrs. M.
