Subject: Re: Academy (now **i-kick**) session finishing this week

Coach Cook;

These training sessions have been great! Manolo (age 8) will continue with the next session. He looks forward to attending training every week. The sessions have really sparked his thirst to continue; to not only learn more, but also practice at home (which he has been doing now since we joined the Black Watch [now **i-kick**] training sessions). My hat goes off to you and your trainers!

On a special note, I really want to thank Mr. H (my neighbor) for talking us into attending your highly effective training.

Thanks again for everything!

Mr. C.
