

Jim,

Just to drop you a note regarding the soccer academy (now **i-kick**). I have been involved with soccer for over 20 years as a parent, assistant coach and high school coach. I've observed and have attended many soccer camps for kids and coaches. Your camp is by far the best I've seen. The philosophy, techniques for teaching, and the staffs' positive reinforcement and motivation is superb. The best "warm fuzzies" would be those expressed by my daughter. When asked if she liked the camp her answer was a resounding "YES, it was very good" Her increased love of the sport and increased skill level are additional pluses for the academy (now **i-kick**). Keep up the great work.

Leo
